AIRPORT CONCESSION DISADVANTAGED BUSINESS ENTERPRISE (ACDBE) PROGRAM
CITY OF REDMOND, OREGON
FY 2017-2019
POLICY STATEMENT

Section 23.1, 23.23 Objectives/Policy Statement

The City of Redmond has established an Airport Concession Disadvantaged Business Enterprise (ACDBE) program in accordance with regulations of the U.S. Department of Transportation (DOT), 49 CFR Part 23. The City of Redmond is a primary airport and has received federal funds authorized for airport development after January 1988 (authorized under Title 49 of the United States Code). The City of Redmond has signed airport grant assurances that it will comply with 49 CFR Part 23.

It is the policy of the City of Redmond to ensure that ACDBEs as defined in Part 23, have an equal opportunity to receive and participate in concession opportunities. It is also our policy:

1. To ensure nondiscrimination in the award and administration of opportunities for concessions by airports receiving DOT financial assistance;
2. To create a level playing field on which ACDBEs can compete fairly for opportunities for concessions;
3. To ensure that our ACDBE program is narrowly tailored in accordance with applicable law;
4. To ensure that only firms that fully meet this part's eligibility standards are permitted to participate as ACDBEs at our airport(s);
5. To help remove barriers to the participation of ACDBEs in opportunities for concessions at our airport(s); and
6. To provide appropriate flexibility to our airports in establishing and providing opportunities for ACDBEs.

The Business Coordinator has been designated as the ACDBE Liaison Officer (ACDBELO). In that capacity, the Business Coordinator is responsible for implementing all aspects of the ACDBE program. Implementation of the ACDBE program is accorded the same priority as compliance with all other legal obligations incurred by the City of Redmond in its financial assistance agreements with the Department of Transportation.

The City of Redmond has disseminated this policy statement to the City Manager and all of the components of our organization. We have distributed this statement to ACDBE and non-ACDBE concessionaire communities in our area by posting a notice on the Airport's website, www.flyrdm.com and by making it available to all parties requesting a copy from the Business Coordinator.

Keith Witcosky, City Manager

Date 3/15/18
SUBPART A - GENERAL REQUIREMENTS

Section 23.1 Objectives

The objectives are found in the policy statement on the first page of this program.

Section 23.3 Definitions

The City of Redmond will use terms in this program that have the meaning defined in Section 23.3 and Part 26 Section 26.5 where applicable.

Section 23.5 Applicability

The Redmond Municipal Airport is a primary airport and the sponsor of federal airport funds authorized for airport development after January 1988 that was authorized under Title 49 of the United States Code.

Section 23.9 Non-discrimination Requirements

The City of Redmond will never exclude any person from participation in, deny any person the benefits of, or otherwise discriminate against anyone in connection with the award and performance of any concession agreement, management contract or subcontract, purchase or lease agreement or other agreement covered by 49 CFR Part 23 on the basis of race, color, sex, or national origin.

In administering its ACDBE program, the City of Redmond will not, directly or through contractual or other arrangements, use criteria or methods of administration that have the effect of defeating or substantially impairing accomplishment of the objectives of the ACDBE program with respect to individuals of a particular race, color, sex, or national origin.

The City of Redmond acknowledges these representations are also in accordance with obligations contained in its Civil Rights, DBE and ACDBE Airport grant assurances.

The City of Redmond will include the following assurances in all concession agreements and management contracts it executes with any firm:

(1) "This agreement is subject to the requirements of the U.S. Department of Transportation's regulations, 49 CFR Part 23. The concessionaire or contractor agrees that it will not discriminate against any business owner because of the owner's race, color, national origin, or sex in connection with the award or performance of any concession agreement, management contract, or subcontract, purchase or lease agreement, or other agreement covered by 49 CFR Part 23."
(2) "The concessionaire or contractor agrees to include the above statements in any subsequent concession agreement or contract covered by 49 CFR part 23, that it enters and causes those businesses to similarly include the statements in further agreements."

Section 23.11 Compliance and Enforcement

The City of Redmond will comply with and is subject to the provisions of 49 CFR Part 26 (§§ 26.101, 26.105, 26.107 and 2 CFR parts 180 and 1200.

The City of Redmond will comply with this part or be subject to formal enforcement action under §26.105 or appropriate program sanctions, such as the suspension or termination of Federal funds, or refusal to approve projects, grants or contracts until deficiencies are remedied. Program sanctions may include actions consistent with 49 U.S.C. §§ 47106(d), 47111(d), and 47122.

2 C.F.R. Part 180, Government-wide Debarment and Suspension (Non-procurement), effective November 15, 2006, adopted and supplemented by DOT at 2 C.F.R. Part 1200, effective June 2, 2008, provides Office of Management and Budget (OMB) guidance for Federal agencies on the government-wide debarment and suspension system for non-procurement transactions, programs and activities. 2 C.F.R. Part 1200 adopts the OMB guidance in subparts A through I of 2 CFR part 180, as supplemented by part 1200, as the Department of Transportation policies and procedures for non-procurement suspension and debarment.

The City of Redmond's compliance with all requirements of this part is enforced through the procedures of Title 49 of the United States Code, including 49 U.S.C. 47106(d), 47111(d), and 47122, and regulations implementing them.

The following enforcement actions apply to firms participating in the City of Redmond’s ACDBE program:

(a) For a firm that does not meet the eligibility criteria of subpart D of this part and that attempts to participate as an ACDBE on the basis of false, fraudulent, or deceitful statements or representations or under circumstances indicating a serious lack of business integrity or honesty, the Department of Transportation (DOT) or the Federal Aviation Administration (FAA) may initiate suspension or debarment proceedings against the firm under 2 CFR parts 180 and 1200.

(b) For a firm that, in order to meet ACDBE goals or other AC/DBE program requirements, uses or attempts to use, on the basis of false, fraudulent or deceitful statements or representations or under circumstances indicating a serious lack of business integrity or honesty, another firm that does not meet the eligibility criteria of subpart D of this part, DOT or FAA may initiate suspension or debarment proceedings against the firm under 2 CFR parts 180 and 1200.
(c) DOT may take enforcement action under 49 CFR Part 31, Program Fraud and Civil Remedies, against any participant in the ACDBE program whose conduct is subject to such action under 49 CFR Part 31.

(d) DOT may refer to the Department of Justice, for prosecution under 18 U.S.C. §§ 1001 or other applicable provisions of law, any person who makes a false or fraudulent statement in connection with participation of an ACDBE in the [Sponsor's] ACDBE program or otherwise violates applicable Federal statutes.

Compliance reviews: The FAA may review the City of Redmond's compliance with this part at any time, including but not limited to, reviews of paperwork, on-site reviews, and review of the airport sponsor's monitoring and enforcement mechanism, as appropriate. The FAA Office of Civil Rights may initiate a compliance review based on complaints received.

Any person who knows of a violation of this part by the City of Redmond may file a complaint under 14 CFR Part 16 with the Federal Aviation Administration Office of Chief Counsel.

**SUBPART B – ACDBE PROGRAMS**

**Section 23.21 ACDBE Program Updates**

The City of Redmond is a non-hub primary airport required to have an ACDBE program.

As a condition of eligibility for FAA financial assistance, the City of Redmond will submit its ACDBE program and overall goals to FAA according to 23.45(a) of this section.

Until the City of Redmond's new ACDBE program is submitted and approved, we will continue to implement our ACDBE program that was in effect previously, except with respect to any provision that is contrary to 49 CFR Part 23.

This ACDBE program will be implemented at the Redmond Municipal Airport.

When the City of Redmond makes significant changes to its ACDBE program, we will provide the amended program to the FAA for approval prior to implementing the changes.

**Section 23.23 Administrative Provisions**

Policy Statement: The City of Redmond is committed to operating its ACDBE program in a nondiscriminatory manner.
The City of Redmond’s Policy Statement is elaborated on the first page of this program.

ACDBE Liaison Officer (ACDBELO): We have designated the following individual as our ACDBELO:

Felila Sumanas Narotski  
Airport Business Coordinator  
2522 S.E. Jesse Butler Circle, #17  
Redmond, OR 97756  
Phone: 541-504-3086  
Email: felila.narotski@flyrdm.com

In that capacity, the ACDBELO is responsible for implementing all aspects of the ACDBE program and ensuring that the City of Redmond complies with all provision of 49 CFR Part 23. The ACDBELO has direct, independent access to the City Manager concerning ACDBE program matters. An organizational chart displaying the ACDBELO’s position in the organization is found in Attachment 1 to this program.

The ACDBELO is responsible for developing, implementing and monitoring the ACDBE program, in coordination with other appropriate officials. The ACDBELO has a staff of one to assist in the administration of the program. The duties and responsibilities include the following:

1. Gathers and reports statistical data and other information as required by FAA or DOT.
2. Reviews third party contracts and purchase requisitions for compliance with this program.
3. Works with all departments to set overall annual goals.
4. Ensures that bid notices and requests for proposals are available to ACDBEs in a timely manner.
5. Identifies contracts and procurements so that ACDBE goals are included in solicitations (both race-neutral methods and contract specific goals).
6. Analyzes City of Redmond’s progress toward attainment and identifies ways to improve progress.
7. Participates in pre-bid meetings.
8. Advises the City Manager on ACDBE matters and achievement.
9. Plans and participates in ACDBE training seminars.
10. Acts as liaison to the Unified Certification Program (UCP) in Oregon.
11. Provides outreach to ACDBEs and community organizations to advise them of opportunities.

Directory: The City of Redmond through the State of Oregon Unified Certification Program (UCP), maintains a directory identifying all firms eligible to participate as DBEs and ACDBEs. The Directory lists the firm’s name, address, phone number, date of the most recent certification, and the type of work the firm has been certified to perform as an ACDBE.
The UCP will ensure that the Directory lists each type of work for which a firm is eligible to be certified by using the most specific NAICS code available to describe each type of work. The UCP will make any changes to the current directory entries necessary to meet the requirements of this paragraph.

The UCP revises the Directory at least annually. We make the Directory available as follows: www.oregon4biz.com. The directory may be found in Attachment 2 to this program document. (26.31).

Section 23.25 Ensuring Nondiscriminatory Participation of ACDBEs

The City of Redmond will take the following measures to ensure nondiscriminatory participation of ACDBEs in concessions, and other covered activities (23.25(a)).

The City of Redmond will seek ACDBE participation in all types of concession activities, rather than concentrating participation in one category or a few categories to the exclusion of others. (23.25(c))

The City of Redmond’s overall goal methodology and a description of the race-neutral measures it will use to meet the goals are described in Section 23.25 and Attachments 4 and 5 of this plan. The goals are set consistent with the requirements of Subpart D. (23.25(b), (d))

If the City of Redmond projects that race-neutral measures alone, are not sufficient to meet an overall goal, it will use race-conscious measures as described in Section 23.25 (e) (1-2) and Attachment 4 and 5 of this plan. (23.25(e))

The City of Redmond will require businesses subject to ACDBE goals at the airport (except car rental companies) to make good faith efforts to explore all available options to meet goals, to the maximum extent practicable, through direct ownership arrangements with ACDBEs. (23.25(f))

The City of Redmond will not use set-asides or quotas as a means of obtaining ACDBE participation. (23.25(g)).

Section 23.27 Reporting

We will retain sufficient basic information about our ACDBE program implementation, ACDBE certification and the award and performance of agreements and contracts to enable the FAA to determine our compliance with Part 23. This data will be retained for a minimum of 3 years following the end of the concession agreement or other covered contract.

Beginning March 1, 2006, we will submit to the FAA Regional Civil Rights Office, an annual ACDBE participation report on the form in Appendix A of Part 23. We will submit
the report to the FAA Regional Civil Right Office via hard copy of the form or electronically via the DBE Office Online Reporting Systems (DBE Connect).

Section 23.29 Compliance and Enforcement Procedures

The City of Redmond will take the following monitoring and enforcement mechanisms to ensure compliance with 49 CFR Part 23.

1. We will bring to the attention of the Department of Transportation any false, fraudulent, or dishonest conduct in connection with the program, so that DOT can take the steps (e.g., referral to the Department of Justice for criminal prosecution, referral to the DOT Inspector General, action under suspension and debarment or Program Fraud and Civil Penalties rules) provided in 26.107.

2. We will consider similar action under our own legal authorities, including responsibility determinations in future contracts. We have listed the regulations, provisions, and contract remedies available to us in the events of non-compliance with the ACDBE regulation by a participant in our procurement activities (See Attachment 3). (26.37)

SUBPART C – CERTIFICATION AND ELIGIBILITY

Section 23.31 We will use the procedures and standards of Part 26, except as provided in 23.31, for certification of ACDBEs to participate in our concessions program and such standards are incorporated herein.

The City of Redmond is the member of a Unified Certification Program (UCP) administered by the State of Oregon. The UCP will meet all of the requirements of this section.

The City of Redmond is a member of a Unified Certification Program (UCP) administered by the State of Oregon which will make ACDBE certification decisions on behalf of the City of Redmond.

The UCP’s directory of eligible DBEs specifies whether a firm is certified as a DBE for purposes of Part 26, and ACDBE for purposes of part 23, or both.

Prior to entering into a new contract, extension, or option with a currently certified ACDBE, we will review their eligibility at that time (i.e., “as soon as possible”) rather than waiting until the latest date allowed under Part 23. Our schedule for this review process will be: an annual review of our active firms.

We will treat a firm as a small business eligible to be certified as an ACDBE if its gross receipts, averaged over the firm’s previous three fiscal years do not exceed $56.42 million for non-car rental ACDBEs and $75.23 million for car rental ACDBEs. The size
standard for banks and other financial institutions is $1 billion in assets, for pay telephone company's is 1,500 employees and for ACDBE automobile dealers is 350 employees.

Section 23.35 The personal net worth standard used in determining eligibility for purposes of Part 23 is $1.32 million.

We recognize that Personal net worth means the net value of the assets of an individual remaining after total liabilities are deducted. An individual's personal net worth (PNW) does not include the following:

1. The individual's ownership interest in an ACDBE firm or a firm that is applying for ACDBE certification;
2. The individual's equity in his or her primary place of residence; and
3. Other assets that the individual can document are necessary to obtain financing or a franchise agreement for the initiation or expansion of his or her ACDBE firm (or have in fact been encumbered to support existing financing for the individual's ACDBE business) to a maximum of $3 million.

The effectiveness of this paragraph (3) of this definition is suspended with respect to any application for ACDBE certification made or any financing or franchise agreement obtained after June 20, 2012. (23.3)

An individual's personal net worth includes only his or her own share of assets held jointly or as community property with the individual's spouse.

Any person who has a personal net worth exceeding this amount is not a socially and economically disadvantaged individual, even if a member of a group otherwise presumed to be disadvantaged. (See 23.3 - Personal Net Worth definition and 23.35)

We will presume that a firm that is certified as a DBE under part 26 is eligible to participate as an ACDBE. However, before certifying such a firm, we will ensure that the disadvantaged owners of a DBE certified under part 26 are able to control the firm with respect to its activity in our concessions program. We are not obligated to certify a part 26 DBE as an ACDBE if the firm does not perform work relevant to our concessions program. (23.37).

We recognize that the provisions of part 26, sections 26.83(c) (2-6) do not apply to certifications for purposes of part 23. We will follow the provisions of 23.39 (a) through (i). We will obtain resumes or work histories of the principal owners of the firm and personally interview these individuals. We will analyze the ownership of stock of the firm, if it is a corporation. We will analyze the bonding and financial capacity of the firm. We will determine the work history of the firm, including any concession contracts or other contracts it may have received. We will compile a list of the licenses of the firm and its key personnel to perform the concession contracts or other contracts it wishes to receive. We will obtain a statement from the firm of the types of concessions it prefers.
to operate or the type of other contracts it prefers to perform. We will ensure that the ACDBE firm meets the applicable size standard. (23.39(a)(b)).

We acknowledge that a prime contractor includes a firm holding a prime contract with an airport concessionaire to provide goods or services to the concessionaire or a firm holding a prime concession agreement with a City of Redmond. We recognize that the eligibility of Alaska Native Corporations (ANC) owned firms for purposes of part 23 is governed by part 26 section 26.73(h). (23.39(c)(d)).

We will use the certification standards of part 23 to determine the ACDBE eligibility of firms that provide goods and services to concessionaires. (23.39(i))

In instances when the eligibility of a concessionaire is removed after the concessionaire has entered into a concession agreement because the firm exceeded the size standard or the owner has exceeded the PNW standard, and the firm in all other respects remains an eligible DBE, we may continue to count the concessionaire’s participation toward ACDBE goals during the remainder of the current concession agreement. We will not count the concessionaire’s participation toward ACDBE goals beyond the termination date for the concession agreement in effect at the time of the decertification. (23.39(e))

We will use the Uniform Application Form found in appendix F to part 26 with additional instruction as stated in 23.39(g).

**SUBPART D – GOALS, GOOD FAITH EFFORTS, AND COUNTING**

**Section 23.41 Basic Overall Goal Requirement**

The City of Redmond will establish two separate overall ACDBE goals; one for car rentals and another for concessions other than car rentals. The overall goals will cover a three year period and the sponsor will review the goals annually to make sure the goal continues to fit the sponsor’s circumstances. We will report any significant overall goal adjustments to the FAA.

If the average annual concession revenues for car rentals over the preceding 3 years do not exceed $200,000, we need not submit an overall goal for car rentals. Likewise, if the average annual concession revenues for concessions other than car rentals over the preceding 3 years do not exceed $200,000, we need not submit an overall goal for concessions other than car rentals. We understand that “revenue” means total revenue generated by concessions, not the fees received by the airport from concessionaires.

The City of Redmond’s overall goals will provide for participation by all certified ACDBEs and will not be subdivided into group-specific goals.
Section 23.43 Consultation in Goal Setting

The City of Redmond consults with stakeholders before submitting the overall goals to the FAA. Stakeholders will include, but not be limited to, minority and women's business groups, community organizations, trade associations representing concessionaires currently located at the airport, as well as existing concessionaires themselves, and other officials or organizations which could be expected to have information concerning the availability of disadvantaged businesses, the effects of discrimination on opportunities for ACDBEs, and the sponsors efforts to increase participation of ACDBEs.

When submitting our overall goals, we will identify the stakeholders that we consulted with and provide a summary of the information obtained from the stakeholders.

Section 23.45 Overall Goals

The sponsor is a non-hub primary airport. As a condition of eligibility for FAA financial assistance, the sponsor will submit its overall goals according to the following schedule:

<table>
<thead>
<tr>
<th>Primary Airport Size</th>
<th>Region</th>
<th>Date Due</th>
<th>Period Covered</th>
<th>Next Goal Due</th>
</tr>
</thead>
<tbody>
<tr>
<td>Non-Hubs</td>
<td>All regions</td>
<td>October 1, 2016</td>
<td>2017/2018/2019</td>
<td>October 1, 2019</td>
</tr>
</tbody>
</table>

If a new concession opportunity arises at a time that falls between the normal submission dates above and the estimated average of annual gross revenues are anticipated to be $200,000 or greater, the sponsor will submit an appropriate adjustment to our overall goal to FAA for approval no later than 90 days before issuing the solicitation for the new concession opportunity. (23.45i)

The sponsor will establish overall goals in accordance with the 2-Step process as specified in section 23.51. After determining the total gross receipts for the concession activity, the first step is to determine the relative availability of ACDBEs in the market area, “base figure”. The second step is to examine all relevant evidence reasonably available in the sponsor’s jurisdiction to determine if an adjustment to the Step 1 “base figure” is necessary so that the goal reflects as accurately as possible the ACDBE participation the sponsor would expect in the absence of discrimination. Evidence may include, but is not limited to past participation by ACDBEs, a disparity study, evidence from related fields that affect ACDBE opportunities to form, grow, and compete (such as statistical disparities in ability to get required financing, bonding, insurance; or data on employment, self-employment, education, training and union apprenticeship)
The sponsor will arrange solicitations, times for the presentation of bids, quantities, specifications, and delivery schedules in ways that facilitate participation by ACDBEs and other small businesses and by making contracts more accessible to small businesses, by means such as those provided under § 26.39 of this part.

A description of the methodology to calculate the overall goal for car rentals, the goal calculations, and the data we relied on can be found in Attachment 5 to this program.

A description of the methodology to calculate the overall goal for concessions other than car rentals, the goal calculations, and the data we relied on can be found in Attachment 4 to this program.

**Projection of Estimated Race-Neutral & Race-Conscious Participation (23.45(f), 23.25(d-e))**

The breakout of estimated race-neutral and race-conscious participation can be found with the goal methodology in Attachments 4 and 5 to this program. These sections of the program will be reviewed annually when the goal calculation is reviewed under 23.41(c).

**Concession Specific Goals (Also include this language in the DBE goal attachment) (23.25 (c)(e)(1)(iv)**

The City of Redmond will use concession specific goals to meet any portion of the overall goals it does not project being able to meet using race-neutral means. Concession specific goals are established so that, over the period to which the overall goals apply, they will cumulatively result in meeting any portion of our overall goal that is not projected to be met through the use of race-neutral means.

We will establish concession specific goals only on those concessions that have direct ownership arrangements (except car rentals), sublease, or subcontracting possibilities. We will require businesses subject to ACDBE goals at the airport (except car rental companies) to make good faith efforts to explore all available options to meet goals, to the maximum extent practicable, through direct ownership arrangements with DBEs (23.25(f)). Car rental firms are not required to change their corporate structure to provide for direct ownership arrangements. In the case of a car rental goal, where it appears that all or most of the goal is likely to be met through the purchases by car rental companies of vehicles or other goods or services from ACDBEs, one permissible alternative is to structure the goal entirely in terms of purchases of goods and services.

We need not establish a concession specific goal on every such concession, and the size of concession specific goals will be adapted to the circumstances of each such concession (e.g., type and location of concession, availability of ACDBEs.)

If the objective of a concession specific goal is to obtain ACDBE participation through direct ownership with an ACDBE, the City of Redmond will calculate the goal as a
percentage of the total estimated annual gross receipts from the concession. (23.25(e)(1)(i))

If the concession specific goal applies to purchases and/or leases of goods and services, the City of Redmond will calculate the goal by dividing the estimated dollar value of such purchases and/or leases from ACDBEs by the total estimated dollar value of all purchases to be made by the concessionaire. (23.25(e)(1)(ii))

**Good Faith Efforts on Concession Specific Goals (23.25(e)(1)(iii), (iv))**

To be eligible to be awarded a concession that has a concession specific goal, bidders/offerors must make good faith efforts to meet the goal. A bidder/offeror may do so either by obtaining enough ACDBE participation to meet the goal or by documenting that it made sufficient good faith efforts to do so. (23.25(e)(1)(iv)). Examples of good faith efforts are found in Appendix A to 49 CFR Part 26. The procedures applicable to 49 CFR Sections 26.51 and 26.53, regarding contract goals apply to the City of Redmond’s concession specific goals. Specifically:

**Section 26.53 Good Faith Efforts Procedures**

**Demonstration of good faith efforts (26.53(a) & (c))**

The obligation of the bidder/offeror is to make good faith efforts. The bidder/offeror can demonstrate that it has done so either by meeting the contract goal or documenting good faith efforts. Examples of good faith efforts are found in Appendix A to Part 26.

Felila Sumanas Narotski, Airport Business Coordinator is responsible for determining whether a bidder/offeror who has not met the contract goal has documented sufficient good faith efforts to be regarded as responsive.

We will ensure that all information is complete and accurate and adequately documents the bidder/offeror’s good faith efforts before we commit to the performance of the contract by the bidder/offeror.

**Information to be submitted (26.53(b))**

In our solicitations for concession contracts for which a contract goal has been established, we will require the following:

1. Award of the contract will be conditioned on meeting the requirements of this section;
2. All bidders or offerors will be required to submit the following information to the City of Redmond, at the time provided in paragraph (b)(3) of this section: (i) The names and addresses of ACDBE firms that will participate in the contract;
(ii) A description of the work that each ACDBE will perform. To count toward meeting a goal, each ACDBE firm must be certified in a NAICS code applicable to the kind of work the firm would perform on the contract;
(iii) The dollar amount of the participation of each ACDBE firm participating;
(iv) Written documentation of the bidder/offeror’s commitment to use an ACDBE sub-concession whose participation it submits to meet a contract goal; and
(v) Written confirmation from each listed ACDBE firm that it is participating in the contract in the kind and amount of work provided in the prime concessionaire’s commitment.
(vi) If the contract goal is not met, evidence of good faith efforts (see Appendix A of this part). The documentation of good faith efforts must include copies of each ACDBE and non-ACDBE sub-concession quote submitted to the bidder when a non-ACDBE sub-concession was selected over an ACDBE for work on the contract; and

(3) We will require that the bidder/offeror present the information required by paragraph (b)(2) of this section:

Under sealed bid procedures, as a matter of responsiveness, or with initial proposals, under contract negotiation procedures;

Provided that, in a negotiated procurement, including a design-build procurement, the bidder/offeror may make a contractually binding commitment to meet the goal at the time of bid submission or the presentation of initial proposals but provide the information required by paragraph (b)(2) of this section before the final selection for the contract is made by the City of Redmond.

Administrative reconsideration (26.53(d))

Within 5 business days of being informed by City of Redmond that it is not responsive because it has not documented sufficient good faith efforts, a bidder/offeror may request administrative reconsideration. Bidder/offerors should make this request in writing to the following reconsideration official: City Manager, 411 SW 9th Street, Redmond, OR 97756. The reconsideration official will not have played any role in the original determination that the bidder/offeror did not document sufficient good faith efforts.

As part of this reconsideration, the bidder/offeror will have the opportunity to provide written documentation or argument concerning the issue of whether it met the goal or made adequate good faith efforts to do so. The bidder/offeror will have the opportunity to meet in person with our reconsideration official to discuss the issue of whether it met the goal or made adequate good faith efforts to do so. We will send the bidder/offeror a written decision on reconsideration, explaining the basis for finding that the bidder did or did not meet the goal or make adequate good faith efforts to do so. The result of the reconsideration process is not administratively appealable to the Department of Transportation.
Good Faith Efforts when an ACDBE is replaced on a concession (26.53(f))

The City of Redmond will require a concessionaire to make good faith efforts to replace an ACDBE that is terminated or has otherwise failed to complete its concession agreement, lease, or subcontract with another certified ACDBE, to the extent needed to meet the concession specific goal. We will require the concessionaire to notify the ACDBELO immediately of the ACDBEs inability or unwillingness to perform and provide reasonable documentation.

In this situation, we will require the concessionaire to obtain our prior approval of the substitute ACDBE and to provide copies of new or amended subcontracts, or documentation of good faith efforts.

We will provide such written consent only if we agree, for reasons stated in our concurrence document, that the prime concession has good cause to terminate the ACDBE firm. For purposes of this paragraph, good cause includes the following circumstances:

(1) The listed ACDBE sub-concession fails or refuses to execute a written contract;
(2) The listed ACDBE sub-concession fails or refuses to perform the work of its sub-concession in a way consistent with normal industry standards. Provided however, that good cause does not exist if the failure or refusal of the ACDBE sub-concession to perform its work on the sub-concession results from the bad faith or discriminatory action of the prime contractor;
(3) The listed ACDBE sub-concession fails or refuses to meet the prime concession’s reasonable, non-discriminatory bond requirements.
(4) The listed ACDBE sub-concession becomes bankrupt, insolvent, or exhibits credit unworthiness;
(5) The listed ACDBE sub-concession is ineligible to work on public works projects because of suspension and debarment proceedings pursuant to 2 CFR Parts 180, 215 and 1,200 or applicable state law;
(6) We have determined that the listed ACDBE subcontractor is not responsible;
(7) The listed ACDBE sub-concession voluntarily withdraws from the project and provides to us written notice of its withdrawal;
(8) The listed ACDBE is ineligible to receive ACDBE credit for the type of work required;
(9) An ACDBE owner dies or becomes disabled with the result that the listed ACDBE concession is unable to complete its work on the contract;
(10) Other documented good cause that we have determined compels the termination of the ACDBE sub-concession. Provided, that good cause does not exist if the prime concession seeks to terminate an ACDBE it relied upon to obtain the contract so that the prime concession can self-perform the work for which the ACDBE concession was engaged or so that the prime contractor can substitute another ACDBE or non-ACDBE concession after contract award.
Before transmitting to us its request to terminate and/or substitute an ACDBE sub-concession, the prime concession must give notice in writing to the ACDBE sub-concession, with a copy to us, of its intent to request to terminate and/or substitute, and the reason for the request.

The prime concession must give the ACDBE five days to respond to the prime concession's notice and advise us and the concessionaire of the reasons, if any, why it objects to the proposed termination of its sub-concession and why we should not approve the prime concession's action. If required in a particular case as a matter of public necessity (e.g., safety), we may provide a response period shorter than five days.

The City of Redmond will require a concessionaire to make good faith efforts to replace an ACDBE that is terminated or has otherwise failed to complete its work on a concession with another certified ACDBE. These good faith efforts shall be directed at finding another ACDBE to perform at least the same amount of work under the concession contract as the ACDBE that was terminated, to the extent needed to meet the concession contract goal that we established for the procurement. The good faith efforts shall be documented by the concessionaire. If we request documentation from the concessionaire under this provision, the concessionaire shall submit the documentation to us within 7 days, which may be extended for an additional 7 days if necessary at the request of the concessionaire, and the City of Redmond shall provide a written determination to the concessionaire stating whether or not good faith efforts have been demonstrated.
We will include in each prime concession contract the contract clause required by § 26.13(b) stating that failure by the concessionaire to carry out the requirements of this part is a material breach of the contract and may result in the termination of the concession contract or such other remedies set forth in that section that we deem appropriate if the prime concessionaire fails to comply with the requirements of this section.

If the concessionaire fails or refuses to comply in the time specified, our contracting office will issue an order stopping all or part of payment/work until satisfactory action has been taken. If the concessionaire still fails to comply, the contracting officer may issue a termination for default proceeding.

**Sample Proposal/Bid Specification:**

The requirements of 49 CFR Part 23, regulations of the U.S. Department of Transportation, applies to this concession. It is the policy of the City of Redmond to practice nondiscrimination based on race, color, sex, or national origin in the award or performance of this contract. All firms qualifying under this solicitation are encouraged to submit bids/proposals. Award of this concession will be conditioned upon satisfying the requirements of this proposal/bid specification. These requirements apply to all concessions firms and suppliers, including those who qualify as an ACDBE. An ACDBE concession specific goal of 0.17% of annual gross receipts (for non-car rental) and 0.00% of annual gross receipts (for car rental) has been established for this concession.

The concession firm shall make good faith efforts, as defined in Appendix A, 49 CFR Part 26 (Attachment 6), to meet the concession specific goal for ACDBE participation in the performance of this concession.

The concession firm will be required to submit the following information: (1) the names and addresses of ACDBE firms and suppliers that will participate in the concession, (2) A description of the work that each ACDBE will perform; (3) The dollar amount of the participation of each ACDBE firm participating; (4) Written and signed documentation of commitment to use an ACDBE whose participation it submits to meet a contract goal; (5) Written and signed confirmation from the ACDBE that it is participating in the concession as provided in the prime concessionaire's commitment; and (6) If the contract goal is not met, evidence of good faith efforts.
Section 23.53 Counting ACDBE Participation for Car Rental Goals

We will count ACDBE participation toward overall goals for car rental as provided in 49 CFR 23.53.

Section 23.55 Counting ACDBE Participation for Concessions Other than Car Rentals

We will count ACDBE participation toward overall goals other than car rental as provided in 49 CFR 23.55.

Section 23.57 (b) Goal shortfall accountability. If the awards and commitments on our Uniform Report of ACDBE Participation (found in Appendix A to this Part) at the end of any fiscal year are less than the overall goal applicable to that fiscal year, we will:

1. Analyze in detail the reasons for the difference between the overall goal and our awards and commitments in that fiscal year;
2. Establish specific steps and milestones to correct the problems we have identified in our analysis to enable us to fully meet our goal for the new fiscal year;

If the airport is a CORE 30 or other Airport designated by FAA, include the following information:

3. (i) CORE 30 or other Airport designated by FAA: We will submit the analysis and corrective actions developed under paragraphs (b)(1) and (2) of this section to the FAA for approval. If the FAA approves the report, we will be regarded as complying with the requirements of this section for the remainder of the fiscal year.

(ii) As an airport not meeting the criteria of paragraph (b)(3)(i) of this section, we will retain analysis and corrective actions in our records for three years and make it available to the FAA, on request, for their review.

4. We understand the FAA may impose conditions as part of its approval of our analysis and corrective actions including, but not limited to, modifications to our overall goal methodology, changes in our race-conscious/race-neutral split, or the introduction of additional race-neutral or race-conscious measures.

5. We understand we may be regarded as being in noncompliance with this part, and therefore subject to the remedies in § 23.11 of this part and other applicable regulations, for failing to implement our ACDBE program in good faith if any of the following things occur:

(i) We do not submit our analysis and corrective actions to FAA in a timely manner as required under paragraph (b)(3) of this section;
(ii) FAA disapproves our analysis or corrective actions; or

(iii) We do not fully implement:

(A) The corrective actions to which we have committed, or

(B) Conditions that FAA has imposed following review of our analysis and corrective actions.

(C) If information coming to the attention of FAA demonstrates that current trends make it unlikely that we, as an airport, will achieve ACDBE awards and commitments that would be necessary to allow us to meet our overall goal at the end of the fiscal year, FAA may require us to make further good faith efforts, such as modifying our race-conscious/race-neutral split or introducing additional race-neutral or race-conscious measures for the remainder of the fiscal year.

Section 23.61 Quotas or Set-asides

We will not use quotas or set-asides as a means of obtaining ACDBE participation.

SUBPART E - OTHER PROVISIONS

Section 23.71 Existing Agreements

We will assess potential for ACDBE participation when an extension or option to renew an existing agreement is exercised, or when a material amendment is made. We will use any means authorized by part 23 to obtain a modified amount of ACDBE participation in the renewed or amended agreement.

Section 23.75 Long-Term Exclusive Agreements

We will not enter into a long-term and exclusive agreements for concessions without prior approval of the FAA Regional Civil Rights Office. We understand that a “long-term” agreement is one having a term of longer than 5 years. We understand that an “exclusive” agreement is one in which an entire category of a particular business opportunity is limited to a single business entity. If special, local circumstances exist that make it important to enter into a long-term and exclusive agreement, we will submit detailed information to the FAA Regional Civil Rights Office for review and approval.
Section 23.79 Geographic Preferences

We will not use a “local geographic preference”, i.e., any requirement that gives an ACDBE located in one place an advantage over ACDBEs from other places in obtaining business as, or with, a concession at your airport.

Sample Monitoring and Enforcement Mechanisms

The City of Redmond has several remedies available to enforce the ACDBE requirements contained in its contracts, including, but not limited to, the following:

1. Breach of contract action, pursuant to the terms of the contract;
2. Breach of contract action, pursuant to ; and

In addition, the federal government has available several enforcement mechanisms that it may apply to firms participating in the ACDBE problem, including, but not limited to, the following:

1. Suspension or debarment proceedings pursuant to 49 CFR part 23 and 2 CFR parts 180 and 1200
2. Enforcement action pursuant to 49 CFR part 31; and
3. Prosecution pursuant to 18 USC 1001.

The City of Redmond will implement various mechanisms to monitor program participants to ensure they comply with Part 23, including, but not limited to the following:

1. We will insert the following provisions into concessions agreements and management contracts:

   Any violation or breach of terms of this contract on the part of the contractor or their subcontractors may result in the suspension or termination of this contract or such other action that may be necessary to enforce the rights of the parties of this agreement. The duties and obligations imposed by the Contract Documents and the rights and remedies available thereunder shall be in addition to and not a limitation of any duties, obligations, rights and remedies otherwise imposed or available by law.

2. We will implement the following additional monitoring and compliance procedures:

   We will implement a monitoring and enforcement mechanism that will include written certification that we have reviewed contracting records and monitored work sites for this purpose.

3. We will implement our compliance and monitoring procedures as follows:

   We will implement a mechanism that will provide for a running tally of actual DBE attainments (e.g. payment actually made to DBE firms), including a
means of comparing these attainments to commitments. In our reports of DBE participation to DOT, we will show both commitments and attainments, as required by the DOT uniform reporting form.
Attachment 4

Section 23.45: Overall Goal Calculation for Concessions Other Than Car Rentals

Amount of Goal (submit if average annual gross receipts exceed $200,000)

The City of Redmond - Redmond Municipal Airport's overall goal for concessions other than car rentals during the period beginning October 1, 2016 and ending September 30, 2019 is 0.33% of the total gross receipts for concessions.

Name of Recipient: City of Redmond

Overall Three-Year Goal:

0.33%, to be accomplished through 0.00% RC and 100% RN

The City of Redmond has determined that its market area is the State of Oregon.

Base of Goal

To calculate the base of the goal The City of Redmond considered the previous 3 years of gross concession receipts and the projected potential concession revenue (gross receipts) three years into the future including upcoming new opportunities.

Gross Receipts for Previous 3 Years - Non-Car Rental Concessions

<table>
<thead>
<tr>
<th>Fiscal Year</th>
<th>Concessions Revenue (Excluding Car Rental)</th>
</tr>
</thead>
<tbody>
<tr>
<td>2014</td>
<td>$1,054,482.72</td>
</tr>
<tr>
<td>2015</td>
<td>$1,152,256.25</td>
</tr>
<tr>
<td>2016</td>
<td>$1,419,425.74</td>
</tr>
<tr>
<td>Total</td>
<td>$3,626,164.71</td>
</tr>
<tr>
<td>Average</td>
<td>$1,208,721.57</td>
</tr>
</tbody>
</table>

The City of Redmond estimates that revenues to existing concessions will grow by 8% per year over the next three years due to inflation and increased passenger traffic.

$1,208,721.57 x 8% = $96,697.73 = $1,305,419.30 = base of goal.

The concession opportunities anticipated per year during this goal period are:

- Food and Beverage – gross receipts = $433,736.44
- Gift Store – gross receipts = $871,682.85

with estimated per year gross receipts of $1,305,419.30.

The following are not included in the total gross receipts for concessions: (a) the gross receipts of car rental operations, (b) the dollar amount of a management contract or subcontract with a non-ACDBE, (c) the gross receipts of business activities to which a management contract or subcontract with a non-ACDBE pertains, and (d) any portion of a firm’s estimated gross receipts that will not be generated from a concession.

If a new concession opportunity arises prior to the end of this goal period and the estimated average of annual gross revenues are anticipated to be $200,000 or greater, the City of Redmond will submit to the FAA an appropriate adjustment to the overall goal. This will be submitted to FAA for approval no later than 90 days before issuing the solicitation for the new concession opportunity. (23.45(i)).

**Methodology used to Calculate Overall Goal**

**Goods and Services**

We can meet the percentage goal by including the purchase from ACDBEs of goods and services used in businesses conducted at the airport. We, and the businesses at the airport, shall make good faith efforts to explore all available options to achieve, to the maximum extent practicable, compliance with the goal through direct ownership arrangements, including joint ventures and franchises. The dollar value from purchases of goods and services from ACDBEs may be added to the numerator, and the dollar value from purchases of goods and services from all firms (ACDBEs and non-ACDBEs) may be added to the denominator.

**Management Contract or Subcontract**

We can meet the percentage goal by including any business operated through a management contract or subcontract with an ACDBE. We, and the businesses at the airport, will add the dollar amount of a management contract or subcontract with an ACDBE to the total participation by ACDBEs in airport concessions (both the numerator and the denominator) and to the base from which the airport’s percentage goal is calculated. However, the dollar amount of a management contract or subcontract with a non-ACDBE and the gross revenue of business activities to which the management contract or subcontract pertains will not be added to this base in either the numerator or denominator. While we realize that this appears to go against the normal rules and rationale for goal-setting, we understand that this method is nevertheless required by statute.
Step 1: 23.51(c)

We determined the base figure for the relative availability of ACDBEs other than car rentals. The base figure was calculated as follows:

**Numerator:** Ready, willing, and able non-car rental ACDBEs in the market area

**Denominator:** All ready, willing and able non-car rental concession firms in the market area

<table>
<thead>
<tr>
<th>NAICS</th>
<th>Type of Concession</th>
<th>Total ACDBE’s</th>
<th>Total All Firms</th>
</tr>
</thead>
<tbody>
<tr>
<td>722310</td>
<td>Food Service Contractors</td>
<td>0</td>
<td>52</td>
</tr>
<tr>
<td>453220</td>
<td>Gift Shops</td>
<td>3</td>
<td>844</td>
</tr>
<tr>
<td><strong>Total</strong></td>
<td></td>
<td><strong>3</strong></td>
<td><strong>896</strong></td>
</tr>
</tbody>
</table>

For the base figure:

The total number of ACDBE’s = 3 = 0.33%

Total market area businesses = 896

The data source or demonstrable evidence used to derive the numerator was:

Business Oregon, Certification Office for Business Inclusion and Diversity (COBID)

https://oregon4biz.diversitysoftware.com/FrontEnd/VendorSearchPublic.asp?XID=6787
&TN=oregon4biz

The data source or demonstrable evidence used to derive the denominator was:

The U.S. Census Bureau

https://factfinder.census.gov/faces/nav/jsf/pages/index.xhtml

When we divided the numerator by the denominator we arrived at the Step 1 base figure for our overall goal for non-car rental concessions of: 0.33 %
Step 2: 23.51(d)

Step 2 of the goal setting calculation process is intended to adjust the Step 1 base figure to make it as accurate as possible. After calculating the base figure of the relative availability of ACDBEs, we have determined that it is not necessary to adjust our base figure by applying the Past History Participation due to the median of historical ACDBE accomplishments is 0.00%. Therefore, our overall goal for non-car rental concessions shall remain 0.33%

**Past History Participation**

<table>
<thead>
<tr>
<th>FY</th>
<th>ACDBE Goals</th>
<th>Accomplishments</th>
</tr>
</thead>
<tbody>
<tr>
<td></td>
<td>RC</td>
<td>RN</td>
</tr>
<tr>
<td>12</td>
<td>0%</td>
<td>0%</td>
</tr>
<tr>
<td>13</td>
<td>0%</td>
<td>0%</td>
</tr>
<tr>
<td>14</td>
<td>0%</td>
<td>0%</td>
</tr>
<tr>
<td>15</td>
<td>0%</td>
<td>0%</td>
</tr>
<tr>
<td>16</td>
<td>0%</td>
<td>0%</td>
</tr>
</tbody>
</table>

The median of historical ACDBE accomplishments is 0.00%. Adding Step 1 base figure of 0.33% to the Step 2 adjustment figure of 0.00% and computing the average of the two (2) figures will bring down our overall goal for non-car rental concessions to 0.17%. We deem this adjusted goal figure will not accurately reflect our ACDBE non-car rental concession participation that can be achieved during this 3-year period based on the fact that our current concessionaire is an ACDBE.
Consultation: Section 23.43.

Prior to submitting this goal to the FAA, the Redmond Municipal Airport consulted with local concessionaires and the State of Oregon-Certification Office for Business Inclusion and Diversity Program (COBID), to obtain information concerning the availability of disadvantaged and non-disadvantaged businesses, the effects of discrimination on opportunities for DBEs, and the Redmond Municipal Airport's efforts to establish a level playing field for the participation of DBEs. The consultation meeting was held on July 28, 2017 at the Redmond Municipal Airport's conference room. The signed meeting-minutes is attached to this submission package.

Following the consultation, a notice in the local newspaper of the proposed overall goal was published, informing the public that the proposed goal and its rationale are available for inspection and comments during normal business hours at the airport administration office for 30 days following the date of the notice. The public notice ad is attached to this submission package.

No comments have been received.
Breakout of Estimated Race-Neutral & Race Conscious Participation
Section 23.51

The City of Redmond will meet the maximum feasible portion of its overall goal by using race-neutral means of facilitating ACDBE participation. The City of Redmond uses the following race-neutral measures.

We understand that we will be expected to actually take these steps, and this is not merely a paper exercise.

1. Locating and identifying ACDBEs and other small businesses who may be interested in participating as concessionaires under 49 CFR Part 23;
2. Notifying ACDBEs of concession opportunities and encouraging them to compete, when appropriate;
3. When practical, structuring concession activities so as to encourage and facilitate the participation of ACDBEs;
4. Providing technical assistance to ACDBEs in overcoming limitations, such as inability to obtain bonding or financing;
5. Ensuring that competitors for concession opportunities are informed during pre-solicitation meetings about how the sponsor's ACDBE program will affect the procurement process;
6. Providing information concerning the availability of ACDBE firms to competitors to assist them in obtaining ACDBE participation; and

We estimate that, in meeting our overall goal of 0.33%, we will obtain 100% from race-neutral participation and 0.00% through race-conscious measures.

Currently, the Redmond Municipal Airport has one ACDBE concessionaire actively working at the airport. We estimate that our goal will be exceeded during this goal setting period due to their participation at the airport. Therefore, we do not anticipate the need to use race-conscious goal participation.

In order to ensure that our ACDBE program will be narrowly tailored to overcome the effects of discrimination, if we use concession specific goals we will adjust the estimated breakout of race-neutral and race-conscious participation as needed to reflect actual ACDBE participation (see 26.51(f)) and we will track and report race-neutral and race conscious participation separately. For reporting purposes, race-neutral ACDBE participation includes, but is not necessarily limited to, the following: ACDBE participation through a prime contract that an ACDBE obtains through customary competitive procurement procedures; ACDBE participation through a subcontract on a prime contract that does not carry ACDBE goal; ACDBE participation on a prime contract exceeding a concession specific goal; and ACDBE participation through a subcontract from a prime contractor that did not consider a firm's ACDBE status in making the award.
We will maintain data separately on ACDBE achievements in those contracts with and without concession specific goals, respectively.
Attachment 5

Section 23.45: Overall Goal Calculation for Car Rentals

**Amount of Goal** *(submit if average annual gross receipts exceed $200,000)*

The City of Redmond - Redmond Municipal Airport's overall goal for car rental concessions during the period beginning October 1, 2016 and ending September 30, 2019 is 0.64% of the total goods and services purchased by car rental concessionaires.

**Name of Recipient:** City of Redmond

**Goal Period:** FY2017-2018-2019 – October 1, 2016 through September 30, 2019

**Overall Three-Year Goal:**

0.64%, to be accomplished through 0.00% RC and 100% RN

The City of Redmond has determined that its market area is the State of Oregon.

**Market Area for Car Rental Concessionaires**

The market area is the geographical area in which the substantial majority of firms which seek to do concessions business with the airport are located and the geographical area in which the firms receive a substantial majority of concessions related revenues are located.

There is very little opportunity to purchase goods and services from DBEs locally. Some goods and services are purchased from nationwide sources. None of the car rental companies is DBE. However, they have purchased goods and utilized services from DBEs, such as insurance, locksmith, and auto-detailing in the past.

**Base of Car Rental Goal**

To calculate the base of the goal City of Redmond considered the previous 3 years of gross concession receipts and the projected potential concession revenue (gross receipts) three years into the future including upcoming new opportunities.
The City of Redmond estimates that revenues to existing concessions will grow by 8% over the next three years due to inflation and increased passenger.

Therefore, the base goal anticipated per year during this goal period are: 
$5,055,657.42 \times 8\% = $404,452.59 = $5,460,110.02$ base of goal.

The car rental concession opportunities anticipated during this goal period are limited to the purchase of goods and services from DBEs. Estimated expenditures for goods and services such as locksmiths, insurance, promotional products, gasoline, auto detailing, auto supplies, auto repairs, glass installation, and tire repairs have been determined using past reports from car rental companies to be $128,555.00. This amount is the median of FY2017 expenditures reported by the car rental companies that purchased goods and services from DBEs:
- EAN Holdings, LLC: $4,813.00
- Budget Rent A Car: $128,555.27
- Avis Rent A Car: $153,889.26

If a new concession opportunity arises prior to the end of this goal period and the estimated average of annual gross revenues are anticipated to be $200,000 or greater, the City of Redmond will submit to the FAA an appropriate adjustment to the overall goal. This will be submitted to FAA for approval no later than 90 days before issuing the solicitation for the new concession opportunity. (23.45(i)).

**Methodology used to Calculate Overall Goal**

**Goods and Services**

We can meet the percentage goal by including the purchase from ACDBEs of goods and services used in businesses conducted at the airport. The dollar value from purchases of goods and services from ACDBEs may be added to the numerator, and the dollar value from purchases of goods and services from all firms (ACDBEs and non-ACDBEs) may be added to the denominator.
**Step 1: 23.51(c)**

We determined the Step 1 base figure for the relative availability of ACDBEs other than car rentals. The base figure was calculated as follows:

Step 1 was determined by dividing the total number of ACDBEs by the total of all concessions in the market area.

**Numerator:** Ready, willing, and able car rental ACDBEs in the market area

**Denominator:** All ready, willing and able car rental concession firms in the market area

<td><strong>163,732</strong></td>
<td></td>
</tr>
</tbody>
</table>

For the base figure:

The total number of ACDBE's \(\frac{6}{163,732} = 0.004\%\)

The data source or demonstrable evidence used to derive the numerator was:

Business Oregon, Certification Office for Business Inclusion and Diversity (COBID)

https://oregon4biz.diversitysoftware.com/FrontEnd/VendorSearchPublic.asp?XID=6787&TN=oregon4biz

The data source or demonstrable evidence used to derive the denominator was:

The U.S. Census Bureau

https://factfinder.census.gov/faces/nav/jsf/pages/index.xhtml
When we divided the numerator by the denominator we arrived at the Step 1 base figure for our overall goal for non-car rental concessions of 0.004%, which is 0.00%

**Step 2: 23.51(d)**

After calculating a base figure of the relative availability of ACDBEs, we examined evidence to determine what adjustment was needed to the Step 1 base figure in order to arrive at the overall goal.

In order to reflect as accurately as possible the ACDBE participation we would expect in the absence of discrimination we have adjusted our base figure by 0.64%. Therefore, our overall goal for non-car rental concessions is 0.64%

The data used to determine the adjustment to the base figure was:

**Past History Participation**

Data used to determine the adjustment to the base figure was the past fiscal year 2017 car rental companies purchases of goods and services. The following table shows the purchases from ACDBE companies that are certified in the State of Oregon by the Certification Office for Business Inclusion and Diversity (COBID) as well as the total purchases.

<table>
<thead>
<tr>
<th>Goods &amp; Services</th>
<th>AVIS</th>

<td>$952,631.00</td>
<td>$21,999.00</td>
</tr>
<tr>
<td>% ACDBE Purchases (A)/(B)</td>
<td>1.17%</td>
<td>1.35%</td>
<td>0.04%</td>
<td>0.00%</td>
</tr>
</tbody>
</table>

Because our Step 1 base figure is 0.00%, we summed the percent of ACDBE purchases from all four (4) car rental concessionaires listed above and averaged the total to arrive at an overall goal:

\[
(1.17\% + 1.35\% + 0.04\% + 0.00\%) / 4 = 0.64\%
\]

We feel this adjusted goal figure will accurately reflect ACDBE non-car rental concession participation that can be achieved during this 3-year period.

The City of Redmond reviewed the car rentals goals from other primary airports in Oregon to confirm local participation is consistent with others in the region.
During the consultation with local concessionaires and COBID, additional areas of potential ACDBE participation were identified and car rental companies were encouraged to commit efforts to increase opportunities and participations.
Public Participation

Consultation: Section 23.43.

Prior to submitting this goal to the FAA, the Redmond Municipal Airport consulted with local concessionaires and the State of Oregon-Certification Office for Business Inclusion and Diversity Program (COBID), to obtain information concerning the availability of disadvantaged and non-disadvantaged businesses, the effects of discrimination on opportunities for DBEs, and the Redmond Municipal Airport's efforts to establish a level playing field for the participation of DBEs. The consultation meeting was held on July 28, 2017 at the Redmond Municipal Airport’s conference room. The signed meeting minutes is attached to this submission package.

Following the consultation, a notice in the local newspaper of the proposed overall goal was published, informing the public that the proposed goal and its rationale are available for inspection and comments during normal business hours at the airport administration office for 30 days following the date of the notice. The public notice ad is attached to this submission package.

No comments have been received.
**Breakout of Estimated Race-Neutral & Race Conscious Participation**

**Section 23.51**

The City of Redmond will meet the maximum feasible portion of its overall goal by using race-neutral means of facilitating ACDBE participation. The City of Redmond uses the following race-neutral measures.

We understand that we will be expected to actually take these steps, and this is not merely a paper exercise.

1. **Locating and identifying ACDBEs and other small businesses who may be interested in participating as concessionaires under 49 CFR Part 23;**
2. **Notifying ACDBEs of concession opportunities and encouraging them to compete, when appropriate;**
3. **When practical, structuring concession activities so as to encourage and facilitate the participation of ACDBEs;**
4. **Providing technical assistance to ACDBEs in overcoming limitations, such as inability to obtain bonding or financing;**
5. **Ensuring that competitors for concession opportunities are informed during presolicitation meetings about how the sponsor’s ACDBE program will affect the procurement process;**
6. **Providing information concerning the availability of ACDBE firms to competitors to assist them in obtaining ACDBE participation; and**

We estimate that, in meeting our overall goal of 0.64%, we will obtain **100.00%** from race-neutral participation and **0.00%** through race-conscious measures.

In order to ensure that our ACDBE program will be narrowly tailored to overcome the effects of discrimination, if we use concession specific goals we will adjust the estimated breakout of race-neutral and race-conscious participation as needed to reflect actual ACDBE participation (see 26.51(f)) and we will track and report race-neutral and race conscious participation separately. For reporting purposes, race-neutral ACDBE participation includes, but is not necessarily limited to, the following: ACDBE participation through a prime contract that an ACDBE obtains through customary competitive procurement procedures; ACDBE participation through a subcontract on a prime contract that does not carry ACDBE goal; ACDBE participation on a prime contract exceeding a concession specific goal; and ACDBE participation through a subcontract from a prime contractor that did not consider a firm’s ACDBE status in making the award.

We will maintain data separately on ACDBE achievements in those contracts with and without concession specific goals, respectively.
Attachment 6

Forms 1 & 2 for Demonstration of Good Faith Efforts

[Forms 1 and 2 should be provided as part of the solicitation documents.]

FORM 1: AIRPORT CONCESSION DISADVANTAGED BUSINESS ENTERPRISE (ACDBE) UTILIZATION

The undersigned bidder/offerer has satisfied the requirements of the bid/proposal specification in the following manner (please check the appropriate space):

____ The bidder/offerer is committed to a minimum of ___% ACDBE utilization on this contract.

____ The bidder/offerer (if unable to meet the ACDBE goal of ___%) is committed to a minimum of ___% ACDBE utilization on this contract and submitted documentation demonstrating good faith efforts.

Name of bidder/offerer’s firm: ____________________________

State Registration No. __________________________

By ____________________________ Title

(Signature)
FORM 2: LETTER OF INTENT

Name of bidder/offeror’s firm: ________________________________

Address: ________________________________________________

City: ___________________________ State: _____ Zip: ______

Name of ACDBE firm: ________________________________

Address: ________________________________________________

City: ___________________________ State: _____ Zip: ______

Telephone: ________________________________

Description of work to be performed by ACDBE firm:

The bidder/offeror is committed to utilizing the above-named ACDBE firm for the work described above. The estimated dollar value of this work is $ ____________.

Affirmation

The above-named ACDBE firm affirms that it will perform the portion of the contract for the estimated dollar value as stated above.

By ________________________________

(Signature) (Title)

If the bidder/offeror does not receive award of the prime contract, any and all representations in this Letter of Intent and Affirmation shall be null and void.

(Submit this page for each ACDBE subcontractor.)

Attachment 8

Procedures for Removal of ACDBEs Eligibility

The City of Redmond will follow procedures as outlined for the removal of an ACDBEs eligibility per the guidelines found on the following website:

www.oregon4biz.com
ATTACHMENT 9

State's UCP Agreement

1. The 2012 signed UCP Agreement.
2. Oregon Business Development Department – Division 200 Certification Procedures

The City intends to use “State of Oregon Certification Office for Business Inclusion and Diversity” for its certification process.
INTERGOVERNMENTAL AGREEMENT
Administering the Disadvantaged Business Enterprise
Unified Certification Function

This Agreement is made and entered into by and between the State of Oregon, acting by and through its Department of Transportation, hereinafter referred to as “ODOT;” the State of Oregon, acting by and through its Oregon Business Development Department, hereinafter referred to as “OBDD;” and the State of Oregon, acting by and through its Department of Aviation, cities, counties or local partners signing on to this Agreement, hereinafter referred to as “Agencies.” Parties signing this Agreement shall be referred to individually as “Party,” or collectively referred to as the “Parties.”

RECITALS

1. By the authority granted in Oregon Revised Statute (ORS) 190.110 and 283.110, state agencies may enter into agreements with units of local government or other state agencies for the performance of any or all functions and activities that a party to the agreement, its officers, or agents have the authority to perform.

2. The Disadvantaged Business Enterprise (DBE) program requirements set out in Title 49 United States Code of Federal Regulations (CFR) part 26, section 81 require that state recipients of federal transportation funds establish a “one-stop” process to certify businesses owned by socially- and economically-disadvantaged individuals as DBEs: the Unified Certification Program (UCP). 49 CFR § 26.81 requires that all recipients of federal transportation funds in a state sign an agreement establishing the UCP and submit same to the U.S. Secretary of Transportation.

3. As provided in 49 CFR part 26, only firms owned and controlled by socially- and economically-disadvantaged person(s) are to benefit from the DBE Program. ODOT Office of Civil Rights is responsible for ensuring compliance with the federal regulations in the determination of a DBE certification and will act in the capacity of Lead Agency for coordinating the program participation of the Agencies hereunder. ODOT is responsible to USDOT for assuring certification of DBEs is performed consistent with 49 CFR part 26.

4. As provided under ORS 200.055(5), OBDD is the sole agency authorized to certify enterprises as Disadvantage Business Enterprises eligible to perform on public contracts in this state. Pursuant to ORS 200.055, ODBDD herein delegates authority for administration of the Oregon UCP DBE Certification Component to its Office of Minority, Women, and Emerging Small Business, hereinafter, “OMWESB.”

5. Pursuant to Oregon Revised Statute 183.341, OBDD has adopted rules for the certification of Disadvantaged Business Enterprise firms, (see OAR chapter 123, division 200).

6. This Agreement defines the roles and responsibilities of ODOT, OBDD, OMWESB, and Agencies to continue participation in the UCP. The collective effort of the Parties is hereinafter referred to as the “UCP Partnership” or “Partnership.”
NOW THEREFORE, premise being in general as stated in the foregoing Recitals, it is agreed by and between the Parties hereto as follows:

TERMS OF AGREEMENT

1. Under such authority, ODOT, OBDD and Agencies agree to cooperate and coordinate the administration of DBE certification services as required under the Code of Federal Regulations 49 Part 26.

2. The term of this Agreement shall begin upon the signatures of ODOT, OBDD and the first Party to execute this Agreement and shall terminate five (5) years from that date. The Agreement may be extended or modified by mutual consent of the Parties upon execution of amendments to this Agreement stating said modifications.

MUTUAL PARTIES OBLIGATIONS

1. The Parties mutually agree that all DBE certification decisions by OMWESB shall be binding on all recipients of federal transportation funds within Oregon.

2. The Parties shall ensure that OMWESB has sufficient resources and expertise to carry out the requirements of 49 CFR § 26.81.

3. The Parties mutually agree to have open and regular communications on matters concerning DBE certification. Matters of concern to all agencies include process time, staffing, budget, certification issues, directory maintenance and changes in the overall DBE certification process.

4. The Parties shall cooperate in the administration of the USDOT required DBE Certification process, striving for the most efficient use of their individual agency resources in carrying out the process of certifying Socially and Economically Disadvantaged individuals.

5. The Parties agree that all certifications shall be pre-certifications, i.e., certifications that have been made final before the due date for bids or offers on a contract on which a firm seeks to participate as a DBE.

6. The Parties mutually agree to notify or copy all Parties of the Partnership on any communication to the USDOT or respective agencies regarding DBE Certification.

7. The Parties agree to work in partnership during Federal audits and performance reviews.

8. The Parties will not exclude persons from participation in, deny benefits to, or otherwise discriminate against any persons in connection with the award and performance of any contract governed by 49 CFR Part 26 on the basis of race, color, sex and national origin.

9. The Parties will not directly or through contractual or other arrangements, use criteria or methods of administration that have the effect of defeating or substantially impairing the accomplishments of the objective of this program with respect to individuals of a particular race, color, sex and national origin.
ODOT/ObDD/Agencies
Agreement No. 28966

AGENCIES OBLIGATIONS

1. Each Agency shall designate a representative to attend semi-annual UCP Partnership meetings and any special sessions held to resolve issues that arise requiring more immediate attention. Attendance by teleconference will be acceptable. Semi-annual meetings will occur in the summer (July or August) and the fall (October or November). OMWESB will provide all other Agencies reasonable notice of the meeting.

2. Agencies agree that ODOT is the Lead Agency for the Partnership.

3. Agencies shall notify OMWESB of any DBE certification issues affecting DBE eligibility for participation on federally-assisted projects.

4. Agencies shall promptly notify OMWESB of complaints received relating to DBE certification or program administration.

ODOT OBLIGATIONS

1. As Lead Agency, ODOT shall do the following:
   a. Notify and advise OMWESB and Agencies of any change in federal law, USDOT regulation, and/or changes to ODOT’s DBE Program Plan document.
   b. Notify OMWESB and Agencies of training programs relevant to DBE Certification function and procedures.
   c. Review an OMWESB determination in a third party complaint that challenges a DBE firm’s certification status and/or eligibility.
   d. Provide ongoing DBE Certification expertise, oversight, as well as conduct process reviews when required, including an annual audit of DBE Certification files.
   e. Assist OMWESB in the conducting appeals of firms challenging DBE certification decisions.

2. ODOT shall notify OMWESB of any DBE certification issues affecting DBE eligibility for participation on federally-assisted projects.

3. ODOT shall promptly notify OMWESB of complaints received relating to DBE certification or program administration.

4. ODOT’s Project Manager for this Project is Tiffany Hamilton, Small Business Programs Manager, ODOT – Office of Civil Rights, MS-31, 355 Capitol St. NE, Salem, OR 97301, 503-986-4355, tiffany.hamilton@odot.state.or.us, or assigned designee upon individual’s absence. ODOT shall notify the other Parties in writing of any contact information changes during the term of this Agreement.
OBDD OBLIGATIONS

1. OBDD will consult with Agencies regarding changes in State rules, regulations, statutory proposals or amendments conflicting with federal guidelines in DBE certification.

2. OBDD will not be required to process an application for certification from a firm having its principle place of business outside the state if the firm is not certified by the UCP in the state in which it maintains its principal place of business.

3. OBDD will share its information and documents concerning the firm with other interested agencies that are considering the firm’s application.

4. OBDD shall maintain a DBE Certification database and directory.

5. OBDD shall provide Agencies with all necessary DBE Certification information required to complete federal reports and data collection.

7. OBDD shall cooperate fully in the oversight, review, and monitoring activities of the USDOT and its operating administrations and implement USDOT’s directives and guidance concerning certification matters.

8. OBDD agrees to act in accordance with 49 CFR §26.83(k). OBDD agrees that OMWESB shall make decisions on applications for certification within ninety (90) days of receiving from the applicant firm all information required. This time period may be extended once, for no more than sixty (60) days, upon written notification to the firm, explaining fully and specifically the reasons for the extension.

9. Subject to the Oregon Public Records Law, ORS 192.410 to 192.505, OMWESB shall not release any information that may be reasonable construed as confidential business information to any third party without the written consent of the firm that submitted the information.

10. OBDD shall submit to ODOT the following documentation on each DBE certification within seven (7) days upon request of ODOT:
   a. Copy of letter of determination
   b. Copy of site visit

11. OBDD shall notify ODOT and Agencies in writing within seven (7) days of any of the following:
   a. De-Certification or Denial of DBE Certification
   b. Third party challenge
   c. Closures or cancellations of any DBE certifications due to a firm’s failure to file an annual no-change affidavit;
   d. Any withdrawals of DBE Certification applications

[Signature]
46
ODOT/OBDD/Agencies
Agreement No. 28966

12. OBDD will participate in DBE staff training.

13. OBDD shall coordinate participation in DBE Certification workshops with Agencies.

14. OBDD shall provide technical assistance to firms seeking DBE Certification.

15. OBDD shall submit to Agencies the following documentation on each DBE certification upon request:
   a. Copy of letter of determination
   b. Copy of site visit

16. DISPUTE RESOLUTION BETWEEN ODOT, OBDD AND THE OREGON DEPARTMENT OF AVIATION
   a. ODOT, OBDD, and the Department of Aviation agree that any tort liability claim, suit, or loss resulting from or arising out of ODOT’s, OBDD’s, or the Department of Aviation’s performance of and activities under this Agreement shall be allocated, as between the state agencies, in accordance with law by the Oregon Department of Administrative Services’ (DAS) Risk Management, for purposes of their respective loss experiences and subsequent allocation of self-insurance assessments under ORS 278.435. ODOT and OBDD agree to notify the DAS Risk Management Division and the other state agency in the event it receives notice or knowledge of any claims arising out of the performance of, or the state agencies’ activities under this Agreement.
   b. ODOT, OBDD, and the Department of Aviation understand that each is insured with respect to tort liability by the State of Oregon Insurance Fund, a statutory system of self-insurance established by ORS 278, and subject to the Oregon Tort Claims Act (ORS 30.260-30.300). ODOT, OBDD, and the Department of Aviation agree to accept that coverage as adequate insurance of the other state agency with respect to personal injury and property damage.

17. OBDD’s Project Manager for this Project is John Saris, Business Services Manager, OBDD – Business Services Section, 775 Summer Street SE, Suite 200, Salem, OR 97301, 503-986-0163, john.saris@biz.state.or.us, or assigned designee upon individual’s absence. ODOT shall notify the other Parties in writing of any contact information changes during the term of this Agreement.

GENERAL PROVISIONS

1. Any Party may terminate its participation by providing at least thirty (30) days written notice to the other Parties.

2. This Agreement may be terminated by mutual consent of all current Parties upon thirty (30) days’ notice, in writing and delivered by certified mail or in person.
3. ODOT or OBDD may terminate this Agreement effective upon delivery of written notice to Agencies, or at such later date as may be established by ODOT or OBDD, under any of the following conditions:

a. If Agencies fail to perform any of the other provisions of this Agreement, in accordance with its terms, and after receipt of written notice from ODOT or OBDD fails to correct such failures within ten (10) days or such longer period as ODOT or OBDD may authorize.

b. If federal or state laws, regulations or guidelines are modified or interpreted in such a way that either the work under this Agreement is prohibited or ODOT or OBDD are prohibited from paying for such work from the planned funding source.

4. Any termination of this Agreement shall not prejudice any rights or obligations accrued to the Parties prior to termination.

5. If any third party makes any claim or brings any action, suit or proceeding alleging a tort as now or hereafter defined in ORS 30.260 ("Third Party Claim") against ODOT, OBDD or any other Party or Parties with respect to which the other Party may have liability, the notified Party must promptly notify the other Party in writing of the Third Party Claim and deliver to the other Party a copy of the claim, process, and all legal pleadings with respect to the Third Party Claim. Each Party is entitled to participate in the defense of a Third Party Claim, and to defend a Third Party Claim with counsel of its own choosing. Receipt by a Party of the notice and copies required in this paragraph and meaningful opportunity for the Party to participate in the investigation, defense and settlement of the Third Party Claim with counsel of its own choosing are conditions precedent to that Party’s liability with respect to the Third Party Claim.

6. With respect to a Third Party Claim for which ODOT or OBDD is jointly liable with any other Party or Parties (or would be if joined in the Third Party Claim), ODOT or OBDD shall contribute to the amount of expenses (including attorneys’ fees), judgments, fines and amounts paid in settlement actually and reasonably incurred and paid or payable by the Party or Parties in such proportion as is appropriate to reflect the relative fault of ODOT or OBDD on the one hand and of the Party or Parties on the other hand in connection with the events which resulted in such expenses, judgments, fines or settlement amounts, as well as any other relevant equitable considerations. The relative fault of ODOT or OBDD on the one hand and of the Party or Parties on the other hand shall be determined by reference to, among other things, the Parties' relative intent, knowledge, access to information and opportunity to correct or prevent the circumstances resulting in such expenses, judgments, fines or settlement amounts. ODOT's or OBDD's contribution amount in any instance is capped to the same extent it would have been capped under Oregon law, including the Oregon Tort Claims Act, ORS 30.260 to 30.300, if ODOT or OBDD had sole liability in the proceeding.

7. With respect to a Third Party Claim for which any other Party or Parties is jointly liable with ODOT or OBDD (or would be if joined in the Third Party Claim), the Party or Parties shall contribute to the amount of expenses (including attorneys’ fees), judgments, fines
and amounts paid in settlement actually and reasonably incurred and paid or payable by
ODOT or OBDD in such proportion as is appropriate to reflect the relative fault of the
Party or Parties on the one hand and of ODOT or OBDD on the other hand in connection
with the events which resulted in such expenses, judgments, fines or settlement amounts,
as well as any other relevant equitable considerations. The relative fault of the Party or
Parties on the one hand and of ODOT or OBDD on the other hand shall be determined by
reference to, among other things, the Parties' relative intent, knowledge, access to
information and opportunity to correct or prevent the circumstances resulting in such
expenses, judgments, fines or settlement amounts. The Party or Parties contribution
amount in any instance is capped to the same extent it would have been capped under
Oregon law, including the Oregon Tort Claims Act, ORS 30.260 to 30.300, if it had sole
liability in the proceeding.

8. The Parties shall attempt in good faith to resolve any dispute arising out of this
Agreement. In addition, the Parties may agree to utilize a jointly selected mediator or
arbitrator (for non-binding arbitration) to resolve the dispute short of litigation.

9. The Parties acknowledge and agree that the Oregon Secretary of State's Office, the
federal government, and their duly authorized representatives shall have access to the
books, documents, papers, and records of the Parties which are directly pertinent to this
Agreement for the purpose of making audit, examination, excerpts, and transcripts for a
period of six (6) years after final payment. Copies of applicable records will be made
available upon request. Payment for costs of copies is reimbursable by the requesting
Party.

10. The Parties shall comply with all federal, state, and local laws, regulations, executive
orders and ordinances applicable to the work under this Agreement, including, without
limitation, the provisions of ORS 279B.220, 279B.225, 279B.230, 279B.235 and 279B.270
incorporated herein by reference and made a part hereof; Without limiting the generality of
the foregoing, the Parties expressly agree to comply with (i) Title VI of Civil Rights Act of
1964; (ii) Title V and Section 504 of the Rehabilitation Act of 1973; (iii) the Americans
with Disabilities Act of 1990 and ORS 659A.142; (iv) all regulations and administrative rules
established pursuant to the foregoing laws; and (v) all other applicable requirements of
federal and state civil rights and rehabilitation statutes, rules and regulations.

11. All employers, including the Parties, that employ subject workers who work under this
Agreement in the State of Oregon shall comply with ORS 656.017 and provide the
required Workers' Compensation coverage unless such employers are exempt under
ORS 656.126. Employers Liability insurance with coverage limits of not less than
$500,000 must be included. The Parties shall ensure that each of its subcontractors
complies with these requirements.

12. This Agreement may be executed in several counterparts (facsimile or otherwise) all of
which when taken together shall constitute one agreement binding on all Parties,
notwithstanding that all Parties are not signatories to the same counterpart. Each copy of
this Agreement so executed shall constitute an original.
13. This Agreement constitutes the entire agreement between the Parties on the subject matter hereof. There are no understandings, agreements, or representations, oral or written, not specified herein regarding this Agreement. No waiver, consent, modification or change of terms of this Agreement shall bind any Party unless in writing and signed by all Parties and all necessary approvals have been obtained. Such waiver, consent, modification or change, if made, shall be effective only in the specific instance and for the specific purpose given. The failure of ODOT or OBDD to enforce any provision of this Agreement shall not constitute a waiver by ODOT or OBDD of that or any other provision.

THE PARTIES, by execution of this Agreement, hereby acknowledge that their signing representatives have read this Agreement, understand it, and agree to be bound by its terms and conditions.

ACDBE PLAN AND GOAL CONSULTATION MEETING MINUTES
Friday, July 28, 2017 at 2:00 p.m. PDT
Airport Conference Room, 2522 SE Jesse Butler Circle, Suite 17, Redmond, Oregon

Redmond Municipal Airport Staff: Fred LeLachuer, P.E.-Airport Engineer, Felila Sumanas Narotski- Airport Business Coordinator/DBELO

Oregon Business Development Department Representative Presents (Teleconference): Carrie L. Hulse-Certification Office for Business Inclusion and Diversity Program Manager (COBID)

1. Introduction
   Mr. LeLachuer called the ACDBE Plan and Goal Consultation Meeting to order at 2:00 p.m. PDT, followed by participants’ introduction around the room and over the phone.

2. Information Concerning the Availability of Disadvantaged and Non-Disadvantaged Businesses in the State of Oregon
   Mr. LeLachuer presented the meeting participants with the brief information on the FAA requirements for the DBE (Disadvantaged Business Enterprise) and ACDBE (Airport Concessions Disadvantaged Business Enterprise) plans and goals for the Redmond Municipal Airport, and how the availability of Disadvantaged and Non-Disadvantaged Businesses in the State Oregon affected the computation of the goals.

3. The Effects of Discrimination on Opportunities for DBEs
   The Redmond Municipal Airport’s Stakeholders were encouraged to share with the Airport Staff and COBID Program Manager any knowledge or concern pertaining the discrimination on opportunities for DBEs that affected or could affect their operations. No concern was known at the time of this meeting.

   Ms. Hulse shared the information on the upcoming DBE event in Central Oregon, which is the Governor’s Marketplace – Central Oregon Edition on September 22, 2017. The event will be held at the Central Oregon Community College (C OCC)-Redmond Technology Education Center. During this daylong event, each agency would be given an opportunity to give a presentation on what it does. Tables for brochures will also be available. Ms. Hulse will email Ms. Narotski the event registration link. In addition, COBID is always happy to offer a training to the Redmond Municipal Airport and to provide as much information as it can.

4. Redmond Municipal Airport’s Efforts to Establish a Level Playing Field for the Participations of DBEs
   Ms. Narotski informed the Redmond Municipal Airport Stakeholders of the Oregon Business Development Department-Certification Office for Business Inclusion and Diversity website, which is www.oregon4biz.com.
Ms. Hulse informed the meeting participants that many DBE certified companies that are doing external work, for example architect and engineering firms, do not realize that they can become ACDBE certified and do work in the airport even though they do not have the business in the airport like the concessionaires do, and getting that information to those firms can be beneficial.

5. **Proposed ACDBE Plan and Goal for Federal Fiscal Year 2018-2019**

Mr. LeLacheur explained the steps the Redmond Municipal Airport had taken to compute the Federal FY 2018-2019 ACDBE goals for non-car rental for the car rental concessions.

Step I was computed by dividing the numerator (the numbers of certified DBEs in State of OR) by the denominator (the numbers of all firms in the State of OR) for each NAICS (North American Industry Classification Systems) code.

Step II was to modify or to refine the Step I percentage. We opted to apply the past-history participation for Step II.

Therefore, for the non-car rental concessions, Step I resulted in 0.33% and Step II resulted in 0.00%. The average of Step I and Step II is 0.17%, which is the goal we would like to pursue for the Federal Fiscal Year 2018-2019.

For the car rental concessions, both Step I and Step II resulted in 0.00%. The average of both Steps is 0.00%, hence the goal is 0.00% for the Federal Fiscal Year 2018-2019. Mr. LeLacheur stressed that this did not mean we would not worry about the goal, but would still like to encourage potential DBEs to get involved with the car rental programs.

Mr. LeLacheur further informed the car rental companies' representatives that the Redmond Municipal Airport had an option to compute the car rental concession goal by taking a look at each car rental company, if it hired DBE firms to provide services during the course of years. This would be an opportunity for Redmond Municipal Airport to work on the different process to develop the goal. Mr. LeLacheur asked if the meeting participants had any comment upon this matter.

Mr. Weston of Hertz responded that he did not know at this moment but would look into the matter and would let us know. Mr. Huso of Enterprise Holdings expressed the similar comment.

Mr. Yates of Avis & Budget commented that as far as mechanical work on their rental cars are concerned, speaking generally, most of Avis & Budget's cars are still covered by factory warranty, so the dealers (Chevy, Ford) have done the mechanical work. Car washing has been done in-house and oil change has been done by Jiffy Lube.

Ms. Narotski commented that the 2013 ACDBE Plan and Goal did include the New Car Dealers and Used Car Dealers NAICS codes for the Step I computation.

Mr. LeLacheur reminded us that we certainly have to take into mind that there are not a lot of DBE firms in the Central Oregon, therefore we always need to encourage them and we would include a couple of forms, specifically requested by the FAA, in our solicitation documents.

Mr. LeLacheur explained that we have been encouraging DBE firms to participate. As of today, if we meet the goal it will be great but if we don't we are not at fault. However, after a succession of years if we continue not meeting the goal, there is clause in the goal planning process to do what is called Race Conscious goal. It means the Redmond Municipal Airport's concessionaires are required to have at least X% DBE goal. And if the goal is not met, the concessionaire is not compliant. That is the heavy hammer that we prefer to avoid.
Presently, the goals that we have computed and the justifications we have used are fine with the Race Neutral process. However, on the construction side, which is a whole separate process from the ACDBE Plan and Goal, in the past years there had been Race Conscious goal which resulted in two (2) bid rejections and rebidding of the projects. We would like to avoid the Race Conscious process.

Mr. LeLacheur praised Ms. Brawn's effort to go through the process to become a certified DBE recently, which was wonderful for the Redmond Municipal Airport.

Mr. Brawn added that one of AVRDM Gift Shop and Avalon Pub suppliers, Betty Lou's in McMinnville, OR, was also a certified DBE. Ms. Hulse informed us that Betty Lou's had graduated from the program, that it no longer was certified due to its gross annual receipts or three (3)-year annual average had exceeded $23.89 millions.

Ms. Narotski added that the Redmond Municipal Airport always encourages DBE participation in its concessions, both directly and indirectly. When the non-DBE concessionaires purchased goods or services from DBEs, such indirect participation will benefit the Redmond Municipal Airport as well.

6. Questions and Answers, Comments/Feedback, Deadline for Comments Submittal

Mr. LeLacheur asked Ms. Brawn to share the process of becoming a certified DBE.

Ms. Brawn shared that it was a lot of work, a lot of paperwork, and a long interview. The nice thing was that the certification process could be done online. Ms. Hulse confirmed and informed us that the online certification process was started in 2013. Ms. Brawn praised the COBID's staff who were always available to answer questions over the phone, which was very helpful.

Mr. Brawn added that the company just got the Oregon Lottery deal, and every State agency had a lot of questions.

Ms. Brawn informed us that the interview for becoming a certified DBE was very good and the questions were to find out if the owner knew what she/he was doing.

Mr. LeLacheur shared his experience as a consultant for some airports that had to apply the Race Conscious goals. The DBEs did have great people to work with. Ms. Brawn confirmed that the connections among disadvantage business enterprises are really good and open a lot of doors.

Mr. LeLacheur asked Ms. Hulse to give a little background on the changes in the UCP (Unified Certification Program) Agreement and if it is still available for us.

Ms. Hulse explained that the COBID is the same with the OMWESB. On January 1st, 2016 it added a new Service Disabled Veteran certification but could not figure out how to incorporate the name into OMWESB acronym, therefore the division was named COBID. COBID still works closely with ODOT on the UCP. However, COBID and ODOT has not had the opportunity to update the UCP Agreement, though it is on the to-do list. We will be contacted when COBID and ODOT have reached that point.

Mr. LeLacheur commented that if COBID is the certification process used in the State of Oregon, we will note that in our ACDBE Plan and Goal documentation that we are relying on COBID on the certification process and that it is in compliant with the Federal CFR codes.
Ms. Hulse asked if the Redmond Municipal Airport was the member of the UCP Agreement in 2012. Ms. Narotski answered affirmative, that the then Airport Director, Ms. Kim Dickie, signed the agreement.

Mr. Weston asked if there was a list of the DBE vendors in our area that could be provided to the car rental companies so that the companies could choose some DBEs to do business with.

Mr. LeLacheur answered that the COBID’s website [www.oregon4biz.com](http://www.oregon4biz.com) will generate the list of the certified DBEs within the State of Oregon based on the NAICS code entered into the search field.

Ms. Narotski confirmed Mr. LeLacheur’s information and would email Mr. Weston the website address mentioned above.

Mr. LeLacheur concluded the meeting by delineating the Redmond Municipal Airport’s next step to finalize its ACDBE Plan and Goal. The next step is to advertise a public notice with the proposed goals for non-car rental and car rental ACDBE for the Federal Fiscal Year 2018-2019 on the local newspaper. The proposed goals and rationale will be available for inspection and comments between 8:00 a.m. to 4:00 p.m. Monday through Friday at the Redmond Municipal Airport Admin Office for thirty (30) days from the date of the publication. Comments on the ACDBE goals will be accepted for thirty (30) days from the date of this publication and can be sent to Ms. Narotski at the Redmond Municipal Airport’s mailing address: 2522 SE Jesse Butler Circle, #17, Redmond, OR 97756.

Ms. Brawn asked what kind of comments or questions that one might possibly ask.

Ms. Hulse answered that the obvious questions would be about how the airport came to its determination. There were also controversial questions such as the ones asked in Portland area: was the airport truly addressing the discrimination issues; was it fair that minority and women should have an advantage or an added advantage in the contracting opportunities.

Ms. Hulse added that there were twenty-four (24) certified firms in Redmond, OR, and they were of different certifications, not only DBEs or ACDBEs. The Governor’s office will be ruling a new executive order regarding certifications. It used to have one that required twenty-one (21) State agencies were encouraged to use certified firms. The new one that will be signed by the Governor this coming December will be requiring all State agencies to use certified firms. In that new executive order, the Governor will also encourage other agencies outside the State government to use certified firms. Ms. Hulse said that Portland Airport (PDX) does use the State certified firms as well, which are the MBE, SDBE, ESBE, or WBE, which might be something for Redmond Municipal Airport to take a look at in order to meet its goals.

Mr. LeLacheur said that in the past the DBE plan and goal specifically required the DBEs to participate, not the other forms of certifications. Ms. Hulse said that she would find out from the PDX program manager how PDX were using the State certified firms.

Ms. Narotski asked what were the difference in the certifications. Ms. Hulse answered that the difference was in the funding source. The DBE and ACDBE were funded by the Federal, while the other certifications were funded by States, Cities, Counties, and some special jurisdictions.

Ms. Hulse mentioned several other certifications such as MBE, WBE, Service Disabled Veteran, and ESB that was based on the size of the business, not the individual.
Mr. Weston asked if Hertz were to sign into a contract with a DBE, would the Redmond Municipal Airport want to be informed.

Mr. LeLacheur answered affirmative, because such information would help the Redmond Municipal Airport to reformulate its goal when required. Ms. Narotski mentioned that in some larger airports the concessionaires’ purchases from DBEs were taken into consideration when computing the ACDBE goals.
